LIBRARY HIGHLIGHT

If we truly love people, we will desire for them far more than it is within our power to give them, and this will lead us to prayer. Intercession is a way of loving others.

When we move from petition to intercession we are shifting our center of gravity from our own needs to the needs and concerns of others. Intercessory Prayer. People today desperately need the help that we can give them. Marriages are being shattered. Children are being destroyed. Individuals are living lives of quiet desperation, without

purpose or future. And we can make a difference... if we will learn to pray on their behalf.
